Studio Theriot

Workshop

25-29 October 2021

**Kunstgiesserei
& Sitterwerk**

St-Gallen, CH

CAT. C, max. 24 people

Incl. experts, material, introductions & one dinner

This seminar week is a workshop about mechanisms, metal infrastructures and system automation, topics specifically linked to our design studio:

Borderline(s) Investigation #6 VISIBILITY

It is highly recommended to students enrolling to our studio to also enroll and take part in the Seminarweek. They will have first priority. The seminar week is also open to external students to participate if there are available spaces.
